JU-SI ADVENTURES

Get Lost in the Great Outdoors and Find Yourself

The Great trail in this province has over 130 km of water ways mostly in the Bras D'Or Lakes area. For walkers and cyclist looking for alternatives to these sections roadway walking, either North on larger HWYs or South on secondary roads are your options. The trails on the Cape Breton Island vary from reclaimed railway beds to natural trail. From Port Hawkesbury to Guysborough the trail utilises roadways. Guysborough to Sunny Brae, the trail follows an old railway bed. The condition of this section varies greatly from well-groomed at first to some sections that have been 'widened' and are very rough and would be impassable after rain. The trail continues to stitch trails with roadways up to the New Brunswick border and/or down to Halifax.
